

Tyler Sweet

Chief Chaos Tamer and Builder of Better Systems.
a.k.a. VP of Operations, Rafter Equipment Company

ABOUT ME

Tyler leads operational execution, process improvement and organizational alignment. Having grown with the company for more than seven years, he is known for turning strategy into disciplined execution while building scalable systems and strong teams.

BIO

Tyler Sweet serves as Vice President of Operations at Rafter Equipment Company, where he leads day-to-day operations, process improvement, and organizational alignment across the business.

Tyler has spent more than seven years growing alongside Rafter, progressing from Manufacturing Operations Manager to Director of Operations and ultimately to Vice President of Operations. Throughout his tenure, he has focused on building scalable systems, improving workflows across engineering and assembly teams, and strengthening cross-functional collaboration to support consistent execution and long-term growth.

As EOS Integrator, Tyler plays a central role in translating strategy into action - ensuring priorities are clear, teams are aligned, and accountability is embedded throughout the organization. He is known for his steady leadership style, attention to detail, and commitment to developing people and processes that allow the business to operate at its best.

Tyler holds an MBA from the Weatherhead School of Management at Case Western Reserve University and a bachelor's degree from the University of Akron. Outside of work, he remains active in coaching Track & Field, reflecting his passion for mentorship, discipline, and team development.
